

BIG TRAIN

**AND
THE LOCO MOTIVES**

The Big Train and the Loco Motives' song list is a mix of traditional blues and blues rock favorites, with some shimmy-shimmy-shake tunes thrown in for good measure.

Big Train and the Loco Motives play what we call "Red Dirt Blues" that comes from the Canadian River Delta Country, or at least as close to a delta as the Canadian River will get. We cover everything from traditional Delta Blues (Muddy Waters) to Texas Boogie-Woogie (SRV), and everything in between, including some of our own original blues tunes.

It's fun, familiar, toe-tapping, drink-ordering kind of music.
